Customer Complaint Report

Complaint Reference: Submitted via Email

From: Quality Control, ABC Formulations Ltd.

Subject: Foreign Matter Contamination - Metformin Hydrochloride API

We are writing to report a quality issue discovered during incoming inspection. Multiple dark foreign particles were observed inside one sealed HDPE drum of Metformin Hydrochloride API (IP/BP grade). The drum had no visible external damage or tampering.

Batch/Lot Number: CHG260712A

Manufacturing Date: 25 June 2026

Affected Quantity: 50 kg (2 HDPE Drums)

Site: Manufacturing - Formulation Block

The material has been quarantined pending investigation. We request a formal root cause analysis and replacement of the affected batch at the earliest.
